

Guthrie School

A Place Where People Come Together
To Learn and Grow

Our School

Guthrie School is located on the Canadian Forces Base, Edmonton and is proud to serve military families. We offer various supports and flexibility to help military children transition successfully and thrive. As a Reggio Emilia inspired school, from Kindergarten to Grade 3, we offer a wide variety of learning spaces, plenty of natural light, elements of nature and more. We are a cohesive school that encourages student leadership to help develop confident, responsible and helpful citizens.

We have strong partnerships with the Base Commander of 3rd Canadian Division Support Base Edmonton, Military Family Resource Centre, Edmonton Garrison Fitness Center, 1 Military Police Regiment and 1 Service Battalion. These partnerships allow students access to before and after school care, a swimming pool, rock climbing wall, squash courts, mental health supports, Military Police Liaison and Resource Officer, driving range, golf course, curling rink and more.

At-a-Glance
